FEATURE: Shawn Martin

Shawn Martin is one of the co-founders of The Ancient Radio Players. Many moons ago Shawn and Bret formulated the idea of what would become The Ancient Radio Players. Shawn has been a staple of the group from the very first show. Shawn starts off every live show with the news and plays a multitude of characters. Shawn's contribution is a cornerstone of the group. Shawn is also seen around Ada, OK as a performer and director for Crosstimbers Theatre Company. He has directed and acted in a number of shows over the years. Shawn and his family were recently featured on KFOR for their annual haunted yard in Stratford, OK.

Show in ARP's Old Stomping Ground

ARP had a great show in Ada, OK at The Winter Smith Lodge. The show was for East Central University's President's Circle Club. The show went well. ARP performed for a great group—and a John Wayne impersonator was there, too!
